

Updating and Deleting Expense Transactions

Cardinal allows users to update or delete expense transactions (Travel Authorizations, Cash Advances, and Expense Reports) after they have been saved. This Job Aid identifies the requirements for updating or deleting expense transactions and provides step by step instructions on how to do so.

Once expense transactions are deleted, they cannot be viewed. The delete action is permanent and cannot be undone.

Navigation Note: Please note that you may see a **Notify** button at the bottom of various pages utilized while completing the processes within this Job Aid. This “Notify” functionality is not currently turned on to send email notifications to specific users within Cardinal.
